Subject: Transportation and Growth Management (TGM) Grant Program

Dear Glen Southerland:

We regret to inform you that your TGM grant application for the City of Florence, Transportation System Plan Update has not been selected for an award. Both statewide and in your region, we received applications for considerably more funding than the amount available to award.

We appreciate the time and resources you and your community invested in preparing an application. Please know that our decisions were not easily made. Our program manager and grant managers carefully reviewed the information submitted with each application. We would be pleased to follow up with you to suggest ways that your application might be revised or clarified to be more competitive next year and better address our grant award criteria.

If you would like specific comments about your application, please call David Helton, the lead TGM grant manager for your area at 541-726-2545. He may also be able to advise you about other state funding sources available as well as other TGM program services that might be of interest to your community, such as our Code Assistance, Outreach, and Quick Response programs.

Thank you again for your application and your interest in the Transportation and Growth Management Program.

Sincerely,

Matthew Crall  
TGM Program Manager, DLCD

Michael Rock  
TGM Program Manager, ODOT
